DD/MM/YY	Working Experience / Internship
	I am a fifth-student, I will graduate in June, 2014. I study at Mechanical Engineering School of Bachkhoa University of Science and Technology. My graduated – project is Automatic Car Garage Systems.
	I haven't finish my project yet but it has been in progress. In my project, I design factory systems with many floors include: parking lot in each floor, elevator to distribute car to each floor, rail systems, a machine get in or get out car to each lot. I use PLC S7-200 Siemens for Transmitter. With Automatic car garage system, the users can park car automatically, save area for parking car, convenient and save.
	Although I study about Mechanical but I am always ready to study necessary thing to improve my knowledge, my skills and to have a chance to get a good job in the future.

DD/MM/YY	Certificate
	Toeic 460
	Scholarship of Hanoi University of Science and Technology

#### Skills:
